## SCHOOL'S NARRATION

Park K.G. School has a glorious past. The school which was established in 1962 has gone from strength to strength. The school has completed 58 years of its existence. It is considered one of the best educational institutions in this region for its sustained development activities, better academic result and co curricular activities. Every passing year is a significant milestone. We are determined that the coming session 2021-22 will also highlights the saga of the achievements of the school and accomplishment of our students.

### Our Curriculum :

We follow an exclusively designed curriculum based on the child development theories. We aim at providing the children with a safe, secure and nurturing environment for their overall growth. So, with the traditional books we also provide :
